Mathematics for Australia 7 Worked Solutions

2011 First Edition

page 47 CHAPTER 2 PRACTICE TEST 2B, Question 1 b ii should read:

- 1 a** Point C also lies on (AB).
 \therefore (AB) can also be named in the following ways (pick any two): (AC), (BA), (BC), (CA), (CB).
- b i** Points A, B, and C lie on the same straight line.
 \therefore A, B, and C are collinear.
- ii** Lines (AD) and (BD) **intersect** at D.
